

## Epiroc Women in Mining Scholarship Guidelines and Eligibility

Epiroc has a tradition of innovation dating back to 1873 and has held a strong presence in Australia since 1950. With innovation at the forefront, Epiroc and AusIMM recognise the important shift towards increasing diversity in our industry and championing emerging mining professionals. From 7 August to 11 September 2023, we will be accepting applications for the Epiroc Women in Mining Scholarship (EWIM Scholarship).

Open to women in their final year studying technology-centred studies, the EWIM Scholarship helps scholars find their pathway within the mining industry, facilitate vital connections and advocates for women in STEM.

This year marks the 52<sup>nd</sup> scholarship from Epiroc.

### Applicants must meet the following eligibility criteria:

- AusIMM Student Membership – All Western Australia
- Currently studying and living in Western Australia
- Students in mining disciplines studying at
  - Curtin University
  - University of Western Australia
  - Murdoch University
  - Edith Cowan University
- Must be in their final year of a university or undergraduate degree OR completing their Masters in:
  - Mechatronics
  - Mechanical Engineering
  - Software Engineering / Computer Science
  - Mining Engineering
  - Mathematics

### Terms and Conditions

- Recipient must cover all travel expenses incurred, including accommodation when attending tours, workshops, work experience, and any AusIMM events.
- Epiroc will work with applicants to determine tour opportunities and work experience based on their interest and will be subject to both parties (Epiroc and recipients) availability.
- As the 2024 Epiroc Women in Mining Ambassador, AusIMM requires the recipient to write an article detailing their time and experience at 3 events: (1) International Women's Day, (2), One New Professional Network event, and (3) an AusIMM technical conference, with accompanied photograph/s preferred.
- Recipient gives AusIMM the right to share photographs and biography of winner for scholarship promotion, and relevant content regarding their ambassador role at any given time.
- Recipient must be available 18 or 19 September 2023 for face-to-face or virtual interviews.
- Recipient must be available to film an award acceptance video (prior to week of 2 October) to be played at AusIMM's Annual Awards Event in Melbourne, 2 October 2023.
